ANNUAL REPORT

—OF THE—

BOARD OF OFFICERS

—OF THE—

Town of West Rutland,

VERMONT,

—FOR THE—

Year Ending February 20, 1893.

RUTLAND:
E. D. WORDEN, PRINTER.
1893.

SELECTMEN'S REPORT.

To the Taxpayers of West Rutland:

Your Selectmen have drawn 156 orders the past year as follows: General account, 96; on special account, 2; on highway account, 16; on liquor agency account, 23; on electric light account, 11, and for bills contracted by previous board, 8.

GENERAL ACCOUNT.

Ninety-six orders drawn on general account amount to \$6,901.26. Of this sum, the amount paid the Overseer, \$360.00; taxes on town farm, \$18.56; slating town farm buildings, \$80.08, are chargeable to poor expenses. Interest on town bonds, amounting to \$875.00; state taxes on grand list, \$3,115.06; work on Boardman Hill crossing, amounting to \$996.56, are compulsory expenditures. Orders drawn on account of sheep being killed by dogs, \$161.00, together with salaries and money voted by the town, amount to \$351.00; all amount to \$5,957.26; deducting this from \$6,901.26, it leaves \$944.00, which is the amount expended in running town affairs.

SPECIAL ACCOUNT.

Orders No. 132 and 133 are vouchers to the Town Treasurer for the payment of the town school tax of 8 per cent and the interest on the U. S. deposit fund.

HIGHWAYS.

Your Selectmen have had charge of the highways during the year, and have made the necessary repairs thereon. The long period of cold weather during the present winter has caused unlooked for trouble with streams crossing the highway and created extra expense, especially on the road leading to Castleton, and the stream crossing Clarendon avenue. A list of orders drawn on the highway fund is annexed to this report. The order of the Board of Railroad Commissioners in rela-

tion to the Boardman Hill crossing has been carried out the past year, and while the expense of doing the work has been large, its permanency will depend upon keeping the ditch clear of stone and sliding bank, and the grate over the well should be kept open at all times. The Clarendon and Pittsford Railroad Company has paid \$150.00 to the Town Treasurer, which should be deducted from the expense of the work done by the town. Under the laws passed at the last session of the Legislature the highways will hereafter be under the control of a Street Commissioner to be elected at the annual March meeting.

TOWN LIQUOR AGENCY.

At the time the last town report was printed the Town Auditors were at work on the accounts of the Town Liquor Agent, Mr. C. W. Green. We have printed in this report an account of the settlement effected at that time, together with a report of the management of the agency to December 12th, 1892, at which time the County Commissioner appointed John Murphy, the present Town Agent, whose report you will find elsewhere. In the report of orders drawn on account of town liquor agency, \$672.57 were for bills contracted by previous board.

TOWN TAXES.

Owing to a refusal on the part of the town to vote any town tax the past year it will be necessary to raise a larger town tax than usual at the coming town meeting. The outstanding taxes on the tax books of 1890 and 1891 reported in the Auditors' report is largely owing to a refusal on the part of the Valido Marble Co. to pay any tax, claiming errors in the make up of the Grand List.

TOWN LINES.

The unfinished survey of last year of the town line between the towns of Ira and West Rutland has been completed and the line established, and a record of the survey has been filed in the Town Clerk's office. The total cost of the work was \$215.60. The town of Ira has paid to the Town Treasurer \$107.80, being one-half the cost of the survey.

CLAIMS AGAINST THE TOWN.

The town of Rutland has commenced suit against this town for an alleged debt of \$7,215.38, which they claim is owing to the town of Rutland, on account of Memorial Hall and unsettled accounts at the time of division. This claim has been before previous boards of Select-

men and they failed to make any settlement or to see any justice in the claim. We are in the same position, and believe the decision of the Commissioners to be final. We have employed counsel who have the matter in charge and will defend the interests of the town when the case comes to trial. We have also placed an article in the warning for town meeting to bring the question before the voters and let them decide as to their wishes in the premises.

TOWN FARM AND TOWN POOR.

The report of the Overseer of the Poor, printed elsewhere in this report, shows a considerable decrease in the expenses of the poor department for the past year over that of the preceding year. Mr. Brennan has conducted the poor department satisfactorily to your Selectmen. We have finished slating the house and would recommend that it be painted the coming year.

Respectfully,

GEO. C. ROBINSON,	}	Selectmen.

Overseer's Report.

To the Taxpayers of West Rutland:

In submitting to you my report as Overseer of the Poor for the past year, I do not think it necessary to preface said report with a lengthy preamble, as the list of orders on the Treasurer hereto appended explain fully to what use the taxpayers' money has been applied, and a full account of all persons aided by the town during the year is given. The farm work has been thoroughly done the past year and the farm buildings are in good condition. I have personally examined every application for aid and gave it only when the applicant was really in need, and although the present winter has been a severe one, I have exercised a diligent regard for the interests of the taxpayers, while no poor person chargeable to the town has suffered.

Respectfully submitted,

PATRICK BRENNAN,

Overseer of the Poor.

During the past year the greater portion of the old bedding and bed-clothes have been replaced by new ones in most of the rooms, and everything in and around the house shows an appearance of thrift and economy on the part of the overseer. The stock are in good condition, the house neat and clean, and the inmates look comfortable and happy. A large amount of rubbish has accumulated around and through the house, such as old bedsteads, trunks, kettles, pans, etc., etc., which are entirely worthless, and we would earnestly recommend to the incoming board of selectmen its removal, as it only takes up unnecessary time on the part of the listers each succeeding year.

West Rutland, Vt., Nov. 30, 1892.

TOM A. CARMODY, Justice of the Peace.

Superintendent's Report.

A short report of the condition and progress of our public schools for the past year is hereby respectfully submitted :

Good schools have been maintained in each of the six districts of the town during the year. In district 21 the school year aggregated 36 weeks ; in district 9, 30 weeks ; in the central district, 38 weeks ; in districts 6, 7 and 8, 40 weeks.

The graded school, district 21, has a fine school building, provided with all the latest improvements for the convenience and comfort of teachers and pupils. Six teachers are employed here. All are graduates of normal schools and normal methods are generally followed. Discipline is excellent, and all work thorough and progressive. Only one vacancy in the school force occurred during the year. A class is preparing for graduation in June.

The graded school, district 7, has sustained a well-earned reputation for substantial and practical accomplishments during the year. A class of six boys completed the grammar course, including a special business course, in June. Several girls completed the regular course and three of these have entered the normal school at Castleton. Six teachers are employed. Two vacancies caused by resignations occurred during the year, and were filled by new appointments.

District 8 has employed the same teacher for the year. That praiseworthy interest is taken in school affairs in this district is shown by well kept premises, excellent school supervision and regularity of attendance.

The school in the central district has been taught by the same teacher for several years. The good effect of long experience and familiarity with pupils is noticeable in the successful management and progress of this school.

In district 6 a teacher of experience and progressive methods has been employed during the year. The wisdom of such appointments is easily determined by the quality of the work performed. A discouraging drawback to progress in this, as well as in other schools in town, is a great irregularity in attendance of pupils.

The smallest school in town, in point of numbers, is maintained in district 9. It has been taught by the same teacher a number of terms. The school work has been well and efficiently performed.

In summing up: The town has been fortunate in securing and retaining experienced and faithful workers in all the schools during the year. The sound policy recommended by educators of experience to secure good teachers and then encourage them to remain has evidently been adopted by this community, and is working greatly to the advantage of education.

The names of teachers employed in the several schools during the year are hereby given:

District 21—Z. C. Hinds, principal; Jennie E. Moloney, preceptress; Zula W. Hubbard, (resigned) 1st intermediate, succeeded by Lena Osgood; Sarah H. Byington, 2d intermediate; Eva J. Youlen, 1st primary; Carrie B. Parker, 2d primary.

District 7—J. E. Leonard, principal; Agnes Mulqueen, preceptress; Mary Golfin, 1st intermediate; Mary Maroney, 2d intermediate; A. Belle Carmody, 1st primary; Nellie Hanley, (resigned) 2d primary, succeeded by Katie Morrison.

District 6—Nellie O'Rourke.

District 8—Margaret Battles.

District 9—Hattie Worden.

Central district—I. W. Sherman.

The total registration of pupils of all ages in all the schools of the town for the year was 781, divided as follows: District 21, 327; district 7, 303; district 6, 38; district 8, 39; central district, 61; district 9, 13. Twenty-seven pupils from other towns and districts attended school in district 21, and 15 pupils from other districts were registered in district 7.

The total expense for teachers' salaries for all the schools amounted to \$6,164, divided as follows: District 21, \$2,646; district 7, \$3,140; district 6, \$400; district 8, \$400; central district, \$458; district 9, \$140; in the last named district board was also furnished teacher.

Nine persons, residents of the town, obtained scholarship certificates in the state normal school at Castleton during the year and there were two graduates from that institution.

J. E. LEONARD, Superintendent.
